Section C: Suggested Reviewers

Obtaining the two referee reports necessary for DHET subsidy is an onerous task.

Please provide the names and contact details of three qualified South African and/or international referees. Referees should have a PhD and expertise in the relevant area of Physics. Do not recommend referees who have co-authored a work with any of the authors on the manuscript within the past five (5) years. Manuscripts without three recommended referees may be subject to desk rejection.

Section D: Declaration of Novelty and Use of AI

How is this submitted manuscript scientifically novel?

The work is new and unpublished, but people have previously made such software applications in this field.

This work presents our project where we developed an application which be useful for educating researchers and students alike in surface plasmon resonance sensing.

Please see the Author Guidelines for the AI use policy.

How was AI used in the generation of this manuscript?

I used writefull for editing the text, and for rewriting sentences in for gramatical cohesion

We use writeful for editing purposes. So it helps edit our written paper.
