Section C: Suggested Reviewers

Obtaining the two referee reports necessary for DHET subsidy is an onerous task.

Please provide the names and contact details of three qualified South African and/or international referees. Referees should have a PhD and expertise in the relevant area of Physics. Do not recommend referees who have co-authored a work with any of the authors on the manuscript within the past five (5) years. Manuscripts without three recommended referees may be subject to desk rejection.

Section D: Declaration of Novelty and Use of AI

How is this submitted manuscript scientifically novel?

The novelty of this study lies in the use of a liposomes-based nanoformulation of pheophorbide-a (Lipo@PPBa) to enhance cellular uptake, stability, and photodynamic efficacy in lung cancer therapy.

Please see the Author Guidelines for the AI use policy.

How was AI used in the generation of this manuscript?

No AI tools were used in this research.
