

# Paper Submission Form - SAIP2025 Proceedings

Sections A, C, D, and E must be completed by all authors (including students) who submit papers. Section B is compulsory for students who submit manuscript(s).

## Section A: Paper Submission Information

Paper/Abstract ID	076
Paper title	A Power Law Model (PLM) approach to predict the performance of a small-scale PV system
Corresponding Author Name & Surname:	KAPIM KENFACK ABRAHAM DIMITRI
Corresponding Author Email Address:	kapimkenfackad@tut.ac.za

## Section B: For Students & Supervisors

Supervisor Name & Surname:	KAPIM KENFACK ABRAHAM DIMITRI
Supervisor Email Address:	kapimkenfackad@tut.ac.za

For this paper, the supervisor must agree/disagree with the following statements.

	Yes	No
1. I am aware that the above-mentioned paper is being submitted for possible publication in the Proceedings of the SAIP Conference. I am satisfied that the presented work is that of the listed authors. I hereby give consent to the submission	✓	
2. I have proof-read the manuscript	✓	
3. I am satisfied that the manuscript is written in appropriate English and is sufficiently free of grammatical and spelling errors	✓	
4. I am familiar with the required manuscript format ("House Style"), and I am satisfied that this manuscript meets the criteria. I am aware that manuscripts not conforming with House Style may be desk rejected	✓	
5. I am satisfied that the scientific content of this manuscript is of sufficient standard for it to be considered for publication in the Proceedings of the South African Institute of Physics Conference Proceedings	✓	

Student Name & Surname: Dr AD KAPIM KENFACK Signature: .....

Date: 28/07/2025

Supervisor Name & Surname: Dr AD KAPIM KENFACK Signature: .....

Date: 28/07/2025

## Section C: Suggested Reviewers

Obtaining the two referee reports necessary for DHET subsidy is an onerous task.

Please provide the names and contact details of three qualified South African and/or international referees. Referees should have a PhD and expertise in the relevant area of Physics. Do not recommend referees who have co-authored a work with any of the authors on the manuscript within the past five (5) years. Manuscripts without three recommended referees may be subject to desk rejection.

Suggested Reviewers in your Research Field (Both local & international)		
	Reviewer Names & Surname	Reviewer's Email Address(es)
Suggested reviewer #1	Prof Mandla Msimanga	MsimangaM@tut.ac.za
Suggested reviewer #2	Dr NM Thantsha	ThantshaNM@tut.ac.za
Suggested reviewer #3	Dr NN Nyangiwe	NyangiweNN@tut.ac.za

## Section D: Declaration of Novelty and Use of AI

**How is this submitted manuscript scientifically novel?**

The novelty of this manuscript is based on the novel approach to predict the performance of a small-scale of photovoltaic performance using Power law model (PLM) in real-time out of standard test conditions (STC). The existing model are essentially based on the prediction of parameters of the solar cell, PV module in STC using electrical model. This manuscript proposes a method able to predict the performance of the PV system in real-time out of STC.

**Please see the Author Guidelines for the AI use policy.**

**How was AI used in the generation of this manuscript?**

AI were not used to generate this manuscript.

## Section E: Plagiarism

	Yes
I am aware that plagiarism detection software may be used on my manuscript.
